## Profile

*Hello! My name is Georgiy. I have studied HTML, CSS, JS, and have a basic understanding of the React library. You can find my portfolio website.*

There is also a link to GitLab : [https://gitlab.com/George\\_1](https://gitlab.com/George_1)

Goal, priorities and attitude:

**Gain more experience, find a new programming community.**

I would like to master HTML and CSS thoroughly, and also acquire proficiency in an additional JavaScript framework.

I want to study and will willingly do my best to be an effective part of business of website development.

*Thank you in advance for your response.*
