“The essence of interior design will always be about people and how they live. It is about the realities of what makes for an attractive, civilized, meaningful environment, not about fashion or what’s in or what’s out.” - Albert Hadley

2023

STEPHEN

“The details are not
the details. They make
the design.” – Charles
Eames

2023

APRIL

“Interior design is making the best possible use of the available space.”

- Anouska Hempel

SEPTEMBER

“The joy of decorating is realizing that our space can reflect who we are, what we love, and how we aspire to live.” —

Alexandra Stoddard

“The essence of interior design will always be about people and how they live. It’ s about the realities of what makes for an attractive, civilized, meaningful environment.” – Albert Hadley

“The goal of a designer is to listen, observe, understand, sympathize, empathize, synthesize, and glean insights that enable them to make the invisible visible.” - Hillman Curtis

Name :

Darja Slesarchuk

dashaslesarchuk77@gmail.com

As an interior designer, I passionately dedicate myself to creating exceptional spaces that blend aesthetics and functionality. With a natural creativity and attention to detail, I strive to transform empty spaces into captivating environments that leave a lasting impression.

I possess a refined aesthetic vision for color, texture, and proportions, enabling me to craft harmonious compositions that evoke desired emotions and provide a sense of balance in the space. I draw inspiration from current design trends and innovative materials, constantly seeking new ways to push boundaries and infuse fresh ideas into my projects.

My design approach is based on understanding the unique needs and aspirations of my clients. I enjoy building strong relationships and close collaboration with individuals to bring their vision to life. Through active listening and incorporating their suggestions, I ensure that the final design reflects their personal style and meets practical requirements.

In addition to creative abilities, I have a strong understanding of the technical aspects of interior design. I am skilled in using industry-standard software such as AutoCAD, ArchiCAD, 3D Studio Max, Corona Renderer, using them to create precise and detailed 2D and 3D representations. This allows my clients to visualize the final design and make informed decisions throughout the entire process.
