

Hello, i am
Karyna Chacheba
from Poznan, Poland

Profile

As a highly motivated and creative person, enjoy challenging myself with a variety of creative tasks - from creating advertising banners to complete website design. I have a great teamwork attitude and find it easy to get along with different people. I want to find a new job in design, because it's a new challenge to expand my creativity and enhance my designing skills.

About

Nordica is a company based on the distribution of cosmetics. The task of the project is to develop a website - a catalog for potential customers of these products. The main goals are a laconic and simple design that clearly shows the range of products, as well as Nordica's approach to its work - reliability and quality.
