March 2024 - June 2024

IT School GoIT

QA Engineer

## Summary

I'm a junior QA Engineer. During my studying, I make sure that a tester should be attentive to details, communicable and picky. I like solving complex tasks and look for a way out unclear situations. I'm ready to upgrade my skills and work hard. I'm very organized and goal-oriented person. That's why I am looking for a company, which allow me achieve my goals.

## Pet-Projects

### Makeup

- Estimating the Tasks
