Profile

I am KH Abdurazakov, I have 2 years of experience. I like the way the Api works more than the style. I can complete the task given to me at the given time. In my history, I have worked in several companies and taught more than 10 final projects and 1 year of classes. Crm project for universities and schools where I have completed large projects with various teammates

Experience

FRONTEND DEVELOPER EVR COUNMITIY

Really Great Company (2022 - 2023) Evr counmity

We have done a lot of work with the evr community team, what I like is that we automated evr university and prepared a crm system

FAZO SOFTWARE

(2023-2024)

Fazo Software, I worked as a front-end developer. When I returned from Tashkent to Nammangan, we prepared a crm system for schools and an e-commerce system, and a crm system for news and companies. The project that left the best impression on me was the school automation project.

IT SCHOOL MENTOR

(2023-2024)

- Front end teacher
