

WE ARE IN THE TOP 5 PROVIDERS IN THE REGION

Reliable home Internet and TV provider in Kharkov

Up to 500 Mbit/s:
High speed using GPON technology

45% discount all January
For new VOLIA subscribers

Why choose us

We work only in Kharkov. Thanks to this, we maintain quality and don't get scattered.

Installation

quality, we install the cable, without damaging the interior of your apartment or house

Submit your application —>

Speed

Thanks to GPON and a backup line, we guarantee speed directly according to the contract

Support

24/7 assistance in the app or via hotline, even on holidays

HOME INTERNET AND TV

We will connect today or the next day

Our coverage area is significantly smaller than that of large providers. This allows us to work quickly: 64% of subscribers receive Internet and TV immediately on the day of application. Even if you need to connect a private house and not an apartment

14,536

Active subscribers throughout Kharkov

4.91

Average rating for the quality of home Internet and TV

Submit your application —>

CUSTOMER REVIEWS

We have been using Rezolut for seven years now: we connected it for a rented apartment, and now we use it in our own. In 7 years they called support only once - to change the installation address

-Ivanov family, .Kharkov
