

Geneva, 19th February 2023

TO WHOMEVER IT MAY CONCERN

Mr. Daniel Danylenko has completed his internship in information management at the GICHD in Ukraine between February 2 and February 9, 2023.

He supported the Ukrainian Mine Action Program with the data collection portion of the Information Management for Mine Action (IMSMA) implementation project. As part of the project, he has worked to enhance the identification and data collection system for explosive devices.

Throughout his internship, he has demonstrated his technological expertise and his desire to acquire new skills. His performance exceeded our expectations, and he completed his assignments on schedule.

We wish him the best of luck in his studies and future career.

Sincerely,

Sulaiman Mukahhal
Information Management Advisor
