I'm Lina, UX/UI Designer

“

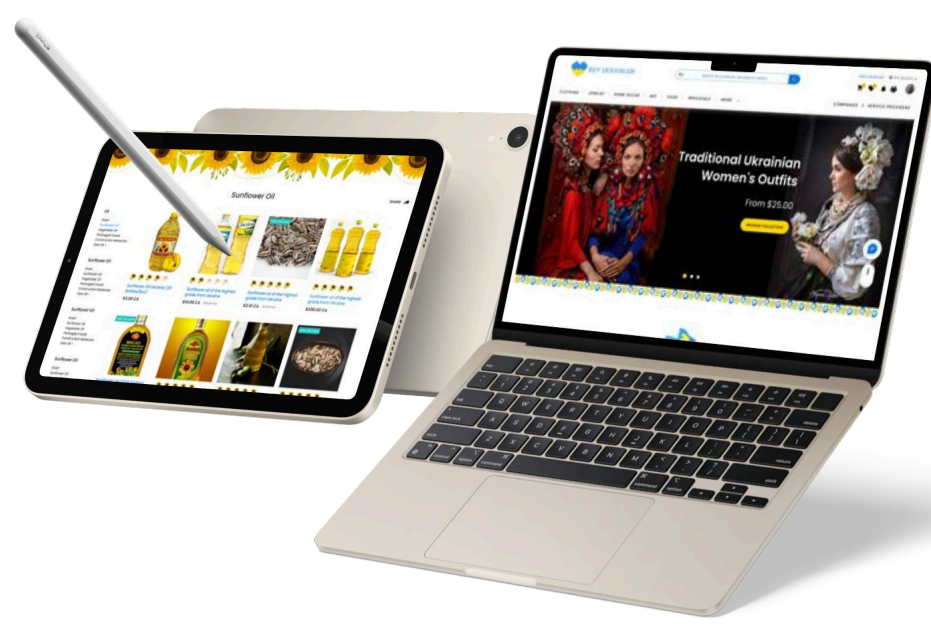

Hi! My name is Lina, I am a web designer. I create modern, aesthetic and clear interfaces. I like to combine creativity with logic, think through the user's path and find simple visual solutions. I am confident in the basic tools, I learn quickly, I am organized and aim for growth.

EXPIERENCE

FREELANCE

2024-2025

WEB DESIGNER

Created a project for the bakery **"Crumb & Co."** together with a partner, was responsible for the UI part, thought out the visual structure, grid, buttons, forms and style in Figma, coordinated the design with a colleague, adapted for mobile devices.

FREELANCE

2023-2024

UX/UI DESIGNER

Completely created the project **"Truth in Wine"**, developed a visual concept for the website for an online wine store, prepared a prototype and final layout in Figma taking into account the user experience, designed the project in a minimalist style with an emphasis on the brand atmosphere.

IT CRAFT

2022-2023

UX/UI DESIGNER ASSISTANT

Volunteered in the **"By Ukrainian"** project, participated in the analysis of user scenarios, selection of visual references, structured frames, designed user interface elements and monitored the visual logic of the layout.
