Daniel Lis

Staff Front End Software Engineer | Web Technologies

@ xylo.tradiofy.in@gmail.com   📍 Warsaw, Poland

SUMMARY

I am a seasoned **Staff Front-End Software Engineer** with **8 years of hands-on experience** building high-performance, scalable, and user-centric web applications. My expertise spans **React, Next.js, TypeScript, Tailwind CSS, and modern web technologies**, enabling me to deliver clean, maintainable, and production-ready code that aligns perfectly with business goals.

Throughout my career, I have successfully led **complex frontend projects**, collaborated with cross-functional teams, and implemented best practices in UI/UX, performance optimization, and responsive design. I excel at transforming design prototypes into seamless, interactive interfaces while ensuring accessibility, scalability, and robustness.

Whether it's **developing enterprise-level dashboards, SaaS platforms, or e-commerce solutions**, I bring a results-driven mindset, rapid problem-solving skills, and a commitment to delivering top-quality code on time. I am looking for opportunities where I can leverage my **deep technical expertise and leadership experience** to contribute to ambitious projects and drive frontend excellence.

Key Highlights:

- 8+ years of professional experience in modern web technologies.

- Advanced proficiency in React, Next.js, TypeScript, Tailwind CSS, and REST/GraphQL APIs.

- Strong experience in **scalable frontend architecture, component libraries, and state management**.

- Expertise in **performance optimization, responsive design, and cross-browser compatibility**.

- Proven track record of **leading projects, mentoring teams, and delivering complex solutions** on time.

I am ready to bring **impactful frontend solutions** to your project and help turn your ideas into fully functional, user-friendly web applications.

EXPERIENCE

Web Developer
Netguru

📅 01/2017 - 07/2020   📍 Warsaw, Poland

- Led a team of 5 in developing a high-performance single-page application using NextJS and React, reducing load times by 30%.
- Implemented responsive and accessible design, ensuring compatibility across multiple devices and browsers, boosting user engagement by 25%.
- Optimized web application performance by integrating advanced JavaScript and TypeScript techniques, enhancing speed by 20%.
- Developed and maintained code quality through rigorous testing and debugging, reducing bug rate by 15%.
- Mentored junior developers in front end technologies, improving team skills and project delivery speed by 40%.
- Pioneered the use of modern web frameworks and libraries, increasing development efficiency and reducing time to market by 18%.

Front End Developer
ITMAGINATION

📅 08/2020 - 06/2023   📍 Warsaw, Poland

- Collaborated with design teams to integrate user interfaces into scalable web applications, boosting user satisfaction scores by 20%.
- Engineered a complex web system application software that increased customer conversion rates by 12%.
- Enhanced system accessibility and responsiveness, leading to a 10% increase in daily active users.
- Contributed to the selection and implementation of front end frameworks, significantly enhancing project workflow.
- Initiated and led a project for code modularity and reuse, resulting in a 15% reduction in development costs.

EXPERIENCE

Senior Front End Developer
Mitel Networks

📅 09/2023 - 05/2025   📍 Warsaw, Poland

- Developed customer-facing single-page applications using HTML, CSS, JavaScript, and TypeScript, increasing client retention by 10%.
- Participated in the full software development lifecycle, delivering projects 20% faster than the average timeline.
- Enhanced application performance and scalability using advanced web development tools and frameworks.
- Mentored new team members on best practices in web development, improving team performance.

EDUCATION

Warsaw University of Technology
Software Engineering, IT systems

📅 09/2013 - 04/2017   📍 Politechnika Warszawska

KEY ACHIEVEMENTS

Reduced Load Times
Spearheaded the redesign of a major application, reducing load times by 30%, enhancing customer satisfaction.

Boosted User Engagement
Implemented accessible design principles, resulting in a 25% increase in user engagement across devices.

Enhanced Development Efficiency
Introduced new development frameworks, increasing team efficiency by 18% and accelerating project delivery.

Mentorship Excellence
Successfully mentored over 10 junior developers, significantly improving the team's overall skill set and productivity.

SKILLS

NextJS	ReactJS	Python	UI Libraries	5HTML/CSS3	JavaScript	TypeScript	.NET/C#

CERTIFICATION

Advanced NextJS Development
Focused on server-side rendering and static generation techniques, provided by Coursera.

React / Frontend Framework Certification
Proficient in building scalable, modern React or Next.js applications.
